

# How to do a Running Stitch (EASY)

1. Tie a knot at the end of your thread. This will stop you from pulling too much thread through.

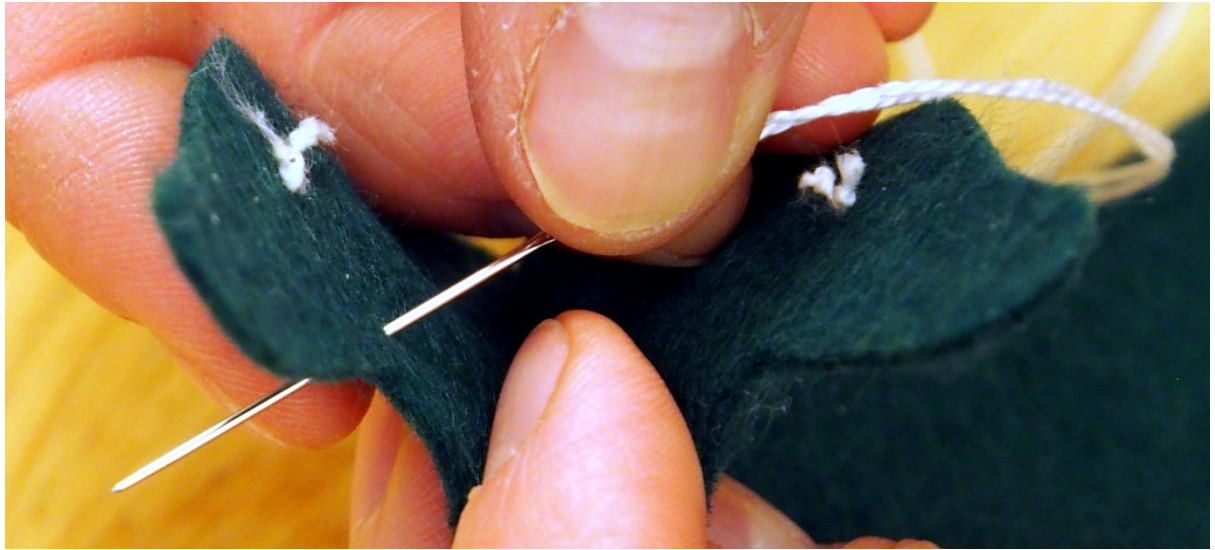

2. Carefully line up the 2 sides of your felt.

3. From the inside of your felt, poke the needle and thread through 1 of the layers. Pull the needle and thread through until the knot stops you pulling more.

4. Poke the needle and thread back through both layers of felt. Keep pulling the needle and thread to make your first stitch.
